冰川石

从冰川作用的地质中提炼了冰川的纹理和通透感，让炎热浮躁的现代城市重新回归到地球大冰期状态。
在北极的冰雪地上，有一种灵动的动物叫雪狐，柔和而富有灰白层次的皮毛，精灵的眼睛，给冰川添上一道灵气。

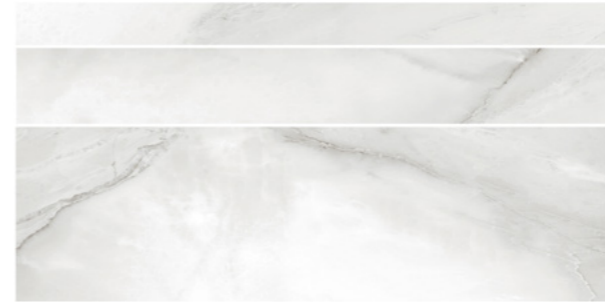

The texture of glacier and the crystalline sense of ALOPEX series
are extracted from glacial geology,
making the agitated city back to the glacial epoch.

On the snow land of North Pole,
living a smart animal called snow fox.

Its soft fur with layered sense of gray and white as well as its fairy eyes,
adding a sense of vitality to the glacier.
